DEAR MR. Weisberg:

I JUST WANTED TO WRITE YOU SIR, TO SAY I have GREAT RESPECT FOR YOU - A TRUE pioneer Researcher OF The JFK assassination! Though, I've only been Deeply INVOLVED IN Reading and STUDYING The Event OF NOV. 22, 1963. (FOR about 2 years), I have Read some OF YOUR (GREAT white wash) series. You are a man To be admired FOR YOUR STEADFAST, brave, STANCE ON The JFK murder and YOUR books and WRITINGS are highly Respectable - I Think You have Done a wonderful Job over These Long years!

I RECENTLY purchased a book called MAFIA KING FISH by JOHN DAVIS and IN Looking ahead I came accross YOUR address IN The back section. I KNEW RIGHT Then and There I had TO WRITE YOU as I DIDN'T THINK I'd Find where TO WRITE YOU

but have wanted to for quite some time!
Your commendable ideals was to find and
tell the truth on this tragic event - while
others wanted to keep [redacted] the truth
buried in lies and deception.

Might I ask for your "autograph" or
autographed photo to place in one of
my scrap books? I've collected several
scrap books of JFK related memorabilia and
yours would be a very meaningful addition
to it sir! I would appreciate this very
much as I want my grand children
someday to be able to tell the differences
between truth and lies. Our home town
paper did a big front page article on my
assassination - JFK interest - awhile back. Wish
I could get more people interested!.

Again, I just want to say "thanks"
for all the years you have spent of your
life on this work - people like my self
really appreciate what you have done!
Best wishes Mr. Wiseberg! Thank you for
your time.

"Respectfully,"

Karl D. Salisbury
